2 Latex Base Classes

- article

- report

- book

- letter

- slides

- beamer

  - beamer is a LATEX class for creating presentations that are held using a projector, but it can also be used to create transparency slides.

- moderncv

  - document class designed for creating modern curricula vitae (CVs) and cover letters, offering both simplicity and customization. It provides five built-in styles: classic, casual, banking, oldstyle, and fancy, with the ability to define custom styles by modifying colors, fonts, and icons.

- seminar

  - a LaTeX document style for typesetting slides or transparencies, and accompanying notes.
